

I contacted Jonathan Smith of World Yachting to deliver my newly purchased motor yacht from Palma to Southampton.

There were many, many things that had to be rectified which I knew about and was planning to do once the vessel arrived in the UK and in my own time.

As soon as Jonathan arrived on board he possessed so much mechanical knowledge that he set about to rectify some of the problems prior to the delivery and even continued whilst we were actually motoring towards England.

On the delivery he was totally in control and the skills, confidence he showed was such that I doubt if anything would unfazed him.

I am engaging World Yachting to deliver my next motor boat in 2006 and have no hesitation in recommending them if anybody contacts me.
