## **Summary of experience and qualifications:**

I am a RYA Ocean Yacht Master licensed to 200 tons, as well as a highly experienced blue water sailor with over 40 years as a professional **Yacht Captain** and actively been sailing for many years more.

In that time I have logged 412,374 miles with 3,396 days at sea and 10,552 night hours on watch. This includes 56 Atlantic crossings, (which I believe is a record for a Delivery Captain), 4 Pacific Ocean and 2 Indian Ocean crossings.

Additionally, I have delivered in excess of 161 yachts, monohulls catamarans and powerboats. This also includes over 25 brand new vessels from various manufacturers, where I have finalised the commissioning and hand-over before delivering them to their respective destinations, worldwide.

I have a totally professional attitude as well as a great love of the sea and everything connected with the sea.

My ambition is to cross the Atlantic 60 times as well as introduce as many people to sailing as I possibly can.

## Qualifications:
